

Budget App - ST10084532

Read Me Doc

How to compile C# WPF application

Prerequisites

Visual Studio 2022

you can get visual studio here <https://visualstudio.microsoft.com/downloads/>

Opening App in Visual Studio 2022

First navigate to `\BudgetPlanner\BudgetPlanner\`

then open `BudgetPlanner.sln`

Once in `Visual Studio`, click on `Solution Explorer` and select `BudgetPlanner`

1. Open the project in Visual Studio
2. Right click on the project and select `Build`

3. Select `Build` and `Run`
4. The application will run

Running Executable

Navigate to `BudgetPlanner\BudgetPlanner\BudgetPlanner3.1\bin\Debug\netcoreapp3.1\`

then open `BudgetPlanner.exe`
